

## Request for Alternative Solution Under BC Building Code 2024

Building Department: 604-990-2480, [building@dnv.org](mailto:building@dnv.org)

Project Address				Postal Code	
Building Permit Number	BLD20			Date	
Code Reference(s): Clause 1.2.1.1.(1)(b) and					
Summary of Deviation(s) to Acceptable Solution					
Brief Project Description					
Code (Sub)Objective(s)	OS _____	OH _____	OA _____	OP _____	
Code Functional Statements F					
Brief Code Analysis					
Brief Description of Alternative Solution					
Proposed Requirements for Maintenance and Operation					
Limitation on Application of Alternative Solution					

I, \_\_\_\_\_, member of the firm \_\_\_\_\_

hereby declare that I am a Registered Professional and I have been retained to submit this alternative solution, review applicable design documents and shop drawings, conduct field reviews, and submit a signed and sealed letter of compliance to the DNV prior to occupancy. In my professional opinion, this proposed alternative solution will achieve at least the minimum level of performance required by Division B of the Code in the areas defined by objectives and functional statements attributed to the applicable acceptable solutions as well as the District Building Bylaw.
